"Nobody is bothered about an institution more than its alumni." -----N. R. Narayana Murthy

Gratitude towards the alma mater and nostalgia for the bygone days are the subtle and invisible ties that always keep an alumnus connected to the institution which educates them. The Alumni Association of Assam University intends to offer a platform, physical as well as virtual, for the alumni of all identities, backgrounds, and experiences – across the globe to reach out to and build bonds with the campus community of our institution to create and deepen the sense of belonging to Assam University, Silchar. We are hopeful that our ever-growing family of alumni will use their diverse experiences and ideas to effect change from inside and outside the education system. Sharing stories and updates about the life and accomplishments of our proud alumni and how they are staying engaged with their alma mater will help us create a thriving community that will forge connections between our alumni and our present generation of students.

We look forward to harnessing the power of our alumni network for mentorship, guidance, and support to the upcoming generation of students who seek to make this institution their academic anchor. In this manner, we aim to define our future together to build and maintain a tradition that is already more than a quarter of a century in the making, thus extending support to the university's future vision.
