4. What are the modalities followed by the Alumni Cell to involve Alumni in University's welfare?

Since the inception of the Alumni Cell, attempt has been made to work in collaboration with the different alumni. Alumni of the department are helping us to run the integrated course by voluntarily delivering lectures by dint of their interdisciplinary academic background. It is also pertinent to mention here that in the past the alumni have extended their support on organizing webinars by acting as a resource person in the respective programme without any kind of remuneration / honorarium. During the last Alumni Meet the core committee resolved to commence a Journal by the Alumni Cell of the Department of Education for which necessary formalities are being undertaken at present.

3. Any other matter relating to fund generated from Alumni Meet.

In the recent Alumni Meet the matter related to fund generation has been discussed by the Alumni Cell. In this context some of the members have suggested to initiate the scholarship scheme for the socioeconomically disadvantaged students of the Department and the matter is under consideration.
