About Us

Assam University came into existence in 1994 after enactment of the Assam (Central) University Act 1989, gearing to become an institute of excellence. Our main campus is situated at Dorgakona, about 20 km away from Silchar providing an ideal environment for the researchers, students and the people interested in academic excellence. The other campus of the university is situated at Diphu in the district of Karbi-Anglong, Assam. The university strive for unity in diversity and has Faculties, staff and students hailing from all over the country. International students also find this institution an ideal centre for pursuing their academic endeavour.

The Department of Education was established in the year 1995 with a vision to Promote Educational Thought & Practice and Pedagogy of Science in the Context of Indian Heritage, Society and Environment.. Educational theory and its practice constitutes the thrust areas of the current research trends of the Department, with an ultimate aim to improve the quality of teachers and teacher educators especially the science teachers. The department is one among the biggest departments in this university.

About the Programme

The high respect for teachers and the high status of the teaching profession must be restored so as to inspire the best to enter the teaching profession. The motivation and empowerment of teachers is required to ensure the best possible future for our children and our nation. ... The most important factor in the success of higher education institutions is the quality and engagement of its faculty (NEP 2020). The NEP 2020 has recommended radical changes in the teaching learning process and the assessment system. The digital era demands a technologically competent teacher who can comfortably bring the advancements of technology in to the classrooms for better learning engagement and help the learner to compete with students from different nations. At the same time, the teachers need to improve their research potentialities for their own career progression as well as to attract improved institutional ranking and associated funding. Critical, relational, and reflective research in the frontiers of different academic domains with a strong footing in Indian culture and tradition is the need of the hour. In this context, a well-defined sequence of activities towards capacity building that contribute towards teaching, assessment, and research excellence across teachers of HEIs is offered by the Dept. of Education, Assam University targeting specifically the newly recruited teachers in the HEIs of India to fine tune their teaching, and research abilities

Objectives of the CBP

- To aware them about the nature of higher education in the context of NEP
- To familiarise them with Indian values and ethics and knowledge systems
- To acquaint them with the need and importance of research and its methodology
- To sensitise them about tools and techniques of data collection and analysis
- To update them with the recent developments in ICT and e-content development
- To enable them to use library and e-library facilities
- To sensitise them about the means to manage stress among learners
- To sensitise them about the importance of environmental concerns
- To acquaint them with the managerial and administrative aspects of HEIs

Themes for deliberation

- NEP and higher education
- Indian Knowledge System with special focus on NE India
- Ethics and values: the role of academy
- Stress management and well-being of teachers and students
- Quality assurance in higher education
- ICT in higher education
- Library in the digital era
- Social Science research: The foundations, tools and data
- Data analysis and interpretation with special reference to statistical analysis
- Environmental concerns, hazards and Disaster management
- Teacher, teacher education and teacher preparation
- Evaluation in higher education: issues and concerns
- Managing higher education institutions
- Science for the future: The knowledge Society
- Society 5.0

Target Participants

Teachers and teacher educators working in different colleges and universities from across India can take part in the programme. Priority will be given to the newly recruited teachers of higher education institutions

Duration and Venue

The programme would be of 2 weeks duration (12 days, excluding Sundays) from 11th to 23rd December 2023 and would be conducted in the Dept. of Education, Assam University, Silchar.
