Resolutions:

1. The Department appreciates the effort put up by the IQAC team in compiling and presenting the data for NIRF. However, the Department feels that some professionals, experienced in compilation and presentation of such reports, may be consulted for a better packaging and presentation of the available data. making things look to our best advantage.
2. The Department is concerned of certain heads in the SSR etc. which do not spell out clearly the requirements for claiming matters like "National Collaboration" especially Seminars, Workshop, etc., organized jointly with professional bodies of national level claimed as "Collaborations". The University may kindly enlighten the Department on this.
3. The Department also feels that possibly inclusion of a feasibly good number of students from other states will represent a multicultural India better and this will have impact on the ranking of the University. Hence, the University may consider conducting admission tests at centers across neighbouring states.
