**Resolution no 4:**

The Department could plan the accommodation for 08 (eight) Faculty members in the existing three Halls. In view of the appointment of two Faculties in future, it was resolved that the authority may be informed about the situation and requested to make arrangements for the same. It was further pointed out that the SKC: EFL Studies School building is housing the Department of Comparative Literature which was not a part of the Original building plan, nor does the department belong to the School. As a result, especially, the English Department, given its large student intake, is suffering

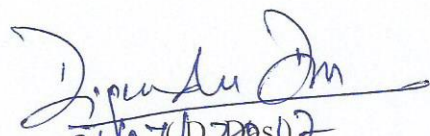

from acute dearth of class rooms and faculty rooms. In view of the need for offering multiple Options and Specializations to be offered, the Department needs at least two more class rooms to enable four students to opt for various options and also two more faculty rooms as well as two more Research Scholar's room.

Resolution no 5:

Merit List of MA English Admission Prepared and Finalised.

Resolution no 6:

The qualifying marks shall be 40 (composite score).
