Resolution:

1. In response to the note from the Registrar and V.C. dated 16.08.16, the M.A. English Admission Committee, 2016, A.U.S. resolves that since there was an increase of 02 seats last year (2015) in addition to the normal intake capacity (50 seats) of students in the Department first semester under the direction of A.U.S. competent authority, the Department does not object to increasing 02 seats under similar direction from the higher authority. However, beyond these 02 seats, no more enhancement of seats is possible in the Department due to severe constraints of infrastructure.
