ASSAM UNIVERSITY

AN INTRODUCTION

Assam University, Silchar, is a Central University established by an Act of the Indian Parliament (Act XXIII of 1989), and came into existence in 1994. Situated in the Barak Valley of southern Assam, the University is nestled in a sprawling 600-acre campus at Dargakona, about 23 km from Silchar town. In 2007, Assam University opened a 90-acre satellite campus at Diphu in the Karbi Anglong Hills District of Assam, thereby making quality higher education accessible to a wider section of society. With students' strength about 4097 in the Silchar campus and 714 in Diphu campus, the University is a congregation of the diverse communities, ideas and creativity. Apart from the two campuses of the University, there are 77 affiliated and permitted colleges in the five districts of south Assam, which together constitute the jurisdiction of Assam University and there are more than 39,821 students enrolled in the affiliated colleges.

Since 1994, Assam University has expanded both in size and reputation. Today, there are 43 postgraduate departments under 16 schools of studies in the Silchar campus and 10 departments in Diphu campus, offering a wide range of programmes geared towards equipping students and research scholars with knowledge, skills, experience and confidence, the benefits of which they can reap well into the future. Besides, there are several Centres of Study in the University dedicated to research of high quality. Recently, the University has developed a strategy for enhancing the range of pedagogic uses of technology. As part of this strategy, the University is in the process of gradually turning all its classrooms into state-of-the-art ones enabling teachers to teach using a wide variety of media. The University also provides an excellent research environment to innovative young minds and proudly hosts several eminent researchers among different faculties. Research grants, high impact publications in international journals of repute, patents and copyrights are regular features.

There's no gainsaying that in the last twenty seven years of its relentless pursuit of academic excellence, Assam University has made giant strides in providing better academic and research atmosphere and improved infrastructural facilities.

THE LOGO

The Logo has a book at the base. Knowledge in the form of flame of light is emerging from the book to lead to modern technology to ensure human development. In the background, there are hills and plains representing the Barak Valley and the hills districts. All the elements are ultimately put in a wheel of progress, so that the University acts as an instrument of change and development for the area within its jurisdiction. The promise of progress is represented by the Rising Sun which is shown as emerging across the symbol of technological growth. 'Assam University, Silchar' and '*Pratyayabodhakritirupapattaye*' (In Devanagiri) are inscribed in the Logo.

Vice-Chancellor's Foreword

With a mandate to serve five most geographically disadvantaged, yet strategically important districts of Assam, including two hill districts i.e. Dima Haso and Karbi Anglong, the Assam University was established in the year 1994. Overcoming locational and many other constraints, including recent pandemic, University has grown 'leaps and bounds' since its inception and has carved out a place in the academic map of the country with many significant achievements to its fold.

Operating from its two campuses at Silchar and Diphu perched in idyllic locations; the University offers an ideal platform for imparting education in the most conducive environment. To acknowledge and recognize the competency of our students, XIXth Convocation of the University was held in the first week of May where 16024 students received degrees.

Assam University is well equipped with IT enabled education system that has helped the University in implementation of National Education Policy (NEP) with much ease. With a competent pool of knowledge workers, University has been able to motivate and empower its 76 affiliated colleges to implement NEP from the session 2023-24.

In its attempt to maintain quality in every component of the University system, Examination Section, Library, Administration and Finance sections have been maintaining ISO 9001:2015 certification successfully, and also University has successfully defended its Green Audit. Quality teaching is supported and supplemented by high quality research being carried out in different departments and good quality publications of our faculty members and scholars are figuring in high impact factor journals. A good number of Sponsored Research Projects from leading funding agencies are also helping the university in creating conducive environment for research and development. University boasts of a large number of Research Scholars pursuing Ph. D Programmes under different fellowship schemes under the able guidance of experienced faculties.

Assam University has been consistent in maintaining its record on NAAC and NIRF ranking, however leaving no scope for complacency, the University is striving hard to break in to the orbit of best performing universities of the country.

In conformity with the essence of NEP, the University is trying to instil nationalistic fervour in its academic endeavours by strengthening NCC and NSS activities. A war museum developed under the technical guidance of Sainik Board, Government of Assam, is ready and all set to further our resolve of imparting quality education with patriotic flavour. To provide

Prof. Rajive Mohan Pant
Vice Chancellor, Assam University

global exposure to our students and also to collaborate with leading foreign Universities for mutual benefits, special focus is being laid on expanding our network through signing of MoUs.

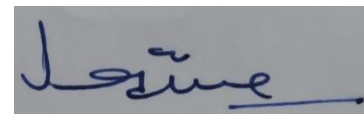

To assist students in sprucing up their competitive capabilities, Dr.Ambedkar Centre of Excellence (DACE) has already become operational, where aspiring youth shall be groomed for important competitive exams.

Tea and tourism have been identified as two sectors by the Assam Government which can have transformational impact on the economy of the region. Taking a clue from the regional priorities, the University has started programmes such as MBA-Hospitality & Tourism Management (MBA-HTM), and also undertakes research, consultancies and social work activities to support Tea industry.

Inclusive growth is another priority area for us and I am happy to share that in Assam University, girl students outnumber male students. Plans for launching some customized programmes 'Divyang population' are also in the offing. Assam University has state of the art fully digitized library, which is a knowledge centre that serves students, researchers and faculties alike, in their academic pursuits.

And of course, as it is said, 'a healthy mind lives in a healthy body'. Hence, new facilities like separate Gyms for female and male students, development of a new cricket ground, addition of new facilities to existing sports stadium for hosting 'Inter College' and 'Inter University' tournaments are underway.

Taking 'hurdles as steppingstone', the University looks forward to a speedier growth to meet fast changing global scenario. The Annual Report of 2021-22 reflects our achievements, constraints, and intent.
