Message from the Dean, School of Social Science

It is indeed a pleasure to learn that as in previous years, the Department of Social Work is publishing the placement brochure. I understand that it will contain all the details relating to the course contents and the training experiences of the students during their study and stay in the Department for five years. As a department specialized in imparting professional knowledge and training, this brochure will go a long way in drawing the attention of the prospective employers. I sincerely hope that the students passing out from here will be placed in organizations where they would be able to realize their learning meaningfully but also help in bringing about equity justice and development in the society.

On behalf of the Placement cell of the Department, I am happy to present before you our new batch of Post-Graduate in Social Work (2014-15). As you would find from the student profiles, we have the largest and the perhaps most enthusiastic batch of students with diverse interest and backgrounds. A good number of them have prior experience and I am sure you will find them quite equipped with the inclination and skills to take up the challenges in their professional life and carrier.

I can vouch with certainty that the outgoing students will carry forward Social Work Values and commitment in their professional lives wherever they are. During their 5 years stay with us, they were rigorously trained through various pedagogic modes spread across ten semester and exposed to range of practicum sites for better understanding of and experimental learning from critical social realities. The semester system has also allowed the students to choose from a diverse basket of elective subject in the ninth and tenth semesters. These opportunities facilitated social focus on varied fields and thematic areas that help them broaden their knowledge base.
