

Resolution of DAC (PHYSICS) meeting held on 28.8.2020

A DAC, Physics meeting was held on 28.8.20 at 11 :am over google meet platform.

Members present:

1. Prof A K Sen
2. Prof A Deshamukhya
3. Prof B I sharma
4. Dr H S Das
5. Dr P K Shukla
6. Dr B Mohanta
7. Mr S Biswas
8. Dr M Baro

Resolutions:

1. The members feel that conducting the Final year examination offline is preferable. But in case one is to go for online option and UGC recognises such a mode, we may discuss on the different aspects of conducting the examination online. For this purpose, a common meeting with the faculty members of the Physics dept in AUDC may be convened in first week of September.
2. Regarding formation of PG admission committee of the department, members suggested that the members may be given the responsibility on rotation basis. Last year Dr H S Das , being the convenor of academic committee was the co-ordinator. This time Dr U Sarkar is not ready to take so also Dr A S Devi. Dr B Mohanta agreed to take the responsibility of co-ordinating the PG admission activity for 20-21 session.
PG admission committee, 2020 for the department is therefore formed with Dr B Mohanta as co-ordinator and all other faculty members as member.
3. Regarding the Silver Jubilee celebration nothing could be decided in particular but some ideas like organizing an virtual alumni meet, not to have too many programs etc came up. Another meeting may be called in near future to finalize the program. The tentative program list suggested by HOD is again to be circulated to the members for feedback.
4. The members are reminded for keeping record of the online classes .

(Atri Deshamukhya)
