

ASSAM UNIVERSITY : SILCHAR

CIRCULAR

The attention of the University Administration has been drawn to certain allegations regarding University Admission circulated through social media and also received in the official emails of the University Authorities. A Committee in this regard has been constituted to examine the complaints and inquire into the matter to discern the fact. However, the University considers it appropriate to make aware all its prospective admittees to various Courses of the University, not to fall prey to any unscrupulous calls or commitments regarding admission in the University Academic Departments. It is learnt from our past experiences that these unscrupulous people, who are in no way connected to the admission process of the University, often try to make money against an admission, which is otherwise valid and as per rule. Such actions cause disrepute to the image of the University and; therefore, all concerned are expected to refrain from these.

The admission process in Assam University is conducted by the Departmental Admission Committee of each Department under the guidance of University Admission Committee, strictly in accordance with University admission rules, in line with the Government guidelines. The procedure is based on fairness, transparency and uniform application of rules. The entire process incorporates multiple levels of scrutiny, verification and approval. The System is supported by several checks and balances designed to ensure clarity, accountability and fairness. The score lists are published on the basis of CUET score/ Admission Test marks; where, there is no scope of arbitrary intervention or manipulation. Therefore, the University Administration firmly believes that the admission process of the University is accurate and impeccable.

However, the University Administration reiterates its unwavering commitment to upholding transparency, fairness, accountability and the rule of Law in all its academic and administrative processes. At the same time, the University Administration assures all stakeholders that if any person, irrespective of his/her position or affiliation is found on the basis of credible evidence to have been involved in corrupt practices or violating the rules of law, appropriate action shall be taken strictly in accordance with the applicable legal provisions.

The University Administration, therefore, reiterates to all applicants seeking admission into the University, not to fall prey to any proposals of securing seat through any person, who-so-ever they may be.
